Re: Amanda Jones
Formerly @ Lincoln, through 3rd grade (Mrs. Nardone)

Dear Mr. Alleno:

I have wanted to write this note to you for several months. We moved out of Mt. Vernon in Dec 1996 and moved into Mt. Kisco. My daughter, Amanda was in the Humanities program through mid year of third grade. Her last teacher was Mrs. Nardone. My husband and I have always thought highly of Lincoln School, the obvious devotion of your staff instilled a great amount of knowledge into my little sweet girl. We were sorry to leave that school.

Right now my daughter attends West Patent Elementary School, part of the Bedford Central School District. To my dismay, the curriculum leaves alot to be desired. First of all, Amanda has not brought home one school book in five months. Math homework is a xerox copy sheet from a workbook.
